Process

The Westlake Chemical Corporation group of companies (Westlake) accept our responsibility to protect the environment and the health and safety of our employees, their families and the public.

The protection of human health, the environment, and the management of process safety and distribution risks are core values of Westlake and will be managed as an integral part of our business.

The goal of all Westlake employees is to achieve continuous and measurable improvement.

We Will:

- ✓ **Comply** with all applicable environmental, health, and safety laws and regulations, going beyond compliance where necessary to accomplish our goal.
- ✓ **Strive** for zero HSE incidents in all of our activities.
- ✓ **Make** health, safety and environmental considerations a priority in manufacturing existing products and planning for new products, facilities and processes.
- ✓ **Look** for opportunities to reduce emissions and waste.
- ✓ **Involve** employees in assuring responsibility for understanding and complying with the content and spirit of Westlake policy.
- ✓ **Work** with our suppliers, customers, contractors and partners to promote responsible management of products and processes.
- ✓ **Encourage** constructive communication with our suppliers, customers, neighbors and shareholders on managing health, safety and environmental issues.

Albert Chao
President and Chief Executive Officer

James Chao
Chairman of the Board

Robert F. Buesinger
Executive Vice President - Vinyl Products

Renee M. Havrilla
Vice President - Compounds

"We have put safety first, and it will remain our number one priority. No job can be so important or urgent that people cannot take the time to work safely. Life is precious and irreplaceable."
